

BIT Hostels & Mess Guide

Residential Life at Bannari Amman Institute of Technology

Compiled from bitsathy.ac.in's official "Hostel & Medical Facilities" page, cross-checked against recent student reviews on independent education portals for fee ranges and day-to-day experience. BIT's official site showcases facilities in detail but does not publish a single consolidated "rules & regulations" document publicly; where this guide references conduct norms, timings or fees, that is flagged clearly as sourced from third-party/student-reported information rather than an official circular.

1. Overview

BIT Sathy operates a fully residential-capable campus with separate hostel complexes for men and women, offering four-bedded, double-bedded and single-bedded room options along with separate guest rooms. Rooms are described as having an aesthetic layout with wardrobe and storage space. Dining halls have a combined seating capacity of 6,060 students, supported by modernised kitchens, cold storage, and dish-washing machines. The Student Centre of the institution is certified for the 5S Work Place Management System.

13 Total Hostel Blocks (6 Men + 7 Women)	1,809 Total Rooms (1,173 Men + 636 Women)	5,898 Total Resident Capacity (approx.)	6,060 Dining Hall Seating Capacity
--	---	---	--

Note: Resident capacity is derived by summing the men's (3,727) and women's (2,171) hostel capacities as published on the official site.

2. Men's Hostel (Gents Hostel)

The men's hostel comprises six blocks — Sapphire, Emerald, Ruby, Diamond, Coral and Pearl — together accommodating 3,727 students in 1,173 rooms.

Block	Room Configuration
Sapphire	282 four-bedded rooms
Emerald	284 four-bedded rooms
Ruby	68 four-bedded rooms, 145 double-bedded rooms, 24 single-bedded rooms
Diamond	146 double-bedded rooms, 34 single-bedded rooms
Coral	51 double-bedded rooms, 1 single-bedded room
Pearl	138 four-bedded rooms

3. Women's Hostel (Ladies Hostel)

The women's hostel comprises seven blocks — Ganga, Yamuna, Narmadha, Cauvery, North Bhavani, South Bhavani and Old Bhavani — together accommodating 2,171 students in 636 rooms.

Block	Room Configuration
Ganga	116 four-bedded rooms, 5 double-bedded rooms, 9 guest rooms
Yamuna	93 four-bedded rooms, 6 double-bedded rooms
Narmadha	8 five-bedded rooms, 96 four-bedded rooms, 16 double-bedded rooms, 8 single-bedded rooms
Cauvery	111 double-bedded rooms, 15 single-bedded rooms
North Bhavani	64 four-bedded rooms, 4 double-bedded rooms, 4 single-bedded rooms
South Bhavani	64 four-bedded rooms, 4 double-bedded rooms, 4 single-bedded rooms
Old Bhavani	7 eight-bedded rooms, 2 single-bedded rooms

Note: The official page lists two slightly different room breakdowns for the Ganga block in different sections of the same page (124 four-bedded + 8 double-bedded rooms vs. 116 four-bedded + 5 double-bedded + 9 guest rooms). The second, more detailed figure is reproduced above; treat exact per-block figures as indicative and confirm current allocations with the Hostel Office.

4. Mess & Dining Facilities

Dining halls across the campus have a combined seating capacity of 6,060 students. The official site describes well-planned and equipped servicing counters, a highly modernised kitchen, cold storage, and dish-washing machines as part of the residential dining infrastructure.

4.1 Food & Menu (as reported by residents)

BIT's official facilities page does not publish a detailed mess menu or meal-timing circular. Based on consistent patterns across multiple independent student reviews (Collegedunia, Quora), the following reflects general on-campus dining norms — treat as indicative student-reported information, not an official policy document:

- The main hostel mess primarily serves vegetarian meals
- Non-vegetarian options are available separately through the campus cafeteria / evening food stalls, rather than the main mess
- Food quality is described by most reviewers as average-to-good, with day-to-day variation reported
- A mini-canteen and vending machines supplement the main mess for snacks

4.2 Recommended Verification

For the current mess menu, meal timings, and any recent changes to vegetarian/non-vegetarian arrangements, students and parents should confirm directly with the Hostel Office or Warden at the time of admission, since this level of operational detail changes between academic years and is not published in fixed form on the official website.

5. Medical Centre

A well-equipped Medical Centre is available on campus. Resident Medical Officers are **Dr. M.S. Soundararajan (MBBS)** and **Dr. V. Sandhya (MBBS)**, supported by Staff Nurses and Nursing Assistants available round the clock. In case of emergency, ambulance service is readily available 24 hours a day to access hospitals in Sathyamangalam, Coimbatore, or Erode.

6. Other Hostel Facilities

6.1 Gym

Separate, fully equipped gyms are available in the men's and women's hostels. The men's gym includes three 4-station units, three 2-station units, 16 single-station gym equipment sets, weight-lifting and power-lifting sets, plus barbell weights, dumbbells, kettlebells and gym balls. The women's gym includes two 4-station units, three 2-station units, and six single-station equipment sets. More than 100 students are reported to use the gym facilities regularly.

6.2 Parlour (Women's Hostel)

"Studio 7" provides beauty-parlour facilities for women students, including advanced hairstyling, relaxing and body massage, waxing, de-tan, threading, clean-up, express glow facials, facials, cream bleach, and pedicures.

6.3 Visitors Hall & Visitors Hut

A dedicated Visitors Hall provides a private space for hostel residents to meet family members. A separate Visitors Hut offers a more informal outdoor space for parents and students to relax together during visits.

6.4 Additional Amenities (per official site and consistent student reports)

- RO-purified drinking water
- 24/7 Wi-Fi internet connectivity across hostel blocks
- Laundry facilities
- On-site pharmacy
- CCTV security across hostel premises
- Indoor and outdoor games facilities at the Student Centre (separate for men and women)
- Standby electrical power back-up generator
- Elevators in select blocks

7. Indicative Hostel & Mess Fees

BIT's official hostel page does not publish a fixed fee table. Based on recent third-party trackers (Collegedunia) and consistent with figures cited during recent admission cycles, indicative annual hostel fee ranges are as follows. These figures are approximate and vary by room type (single/double/four-sharing/AC) and academic year — always confirm exact current fees via the official Information Brochure 2026-27 or the Admissions Office.

Room Type (indicative)	Approx. Annual Range
Four-sharing (non-AC)	Lower end of Rs. 65,000 - 90,000 band
Double-sharing (non-AC)	Mid-range of Rs. 65,000 - 90,000 band
Single occupancy / AC rooms	Upper end of Rs. 65,000 - 90,000 band, higher for NRI/AC hostel

Note: These figures are drawn from third-party aggregator data (Collegedunia) and student-reported ranges, not from an official BIT fee circular. Mess charges may be billed separately from room rent depending on the year; confirm both components with the Admissions/Hostel Office before budgeting.

8. Discipline & Conduct — What to Expect

BIT's official facilities page does not publish a formal, itemised rulebook online. However, independent student reviews (Collegedunia) consistently describe the hostel environment as disciplined, with the following commonly reported norms. These are student-reported observations, not verbatim official regulations — new residents should rely on the official Hostel Handbook / Warden's briefing given at the time of joining for the exact, current rules:

- A defined evening curfew / in-time is enforced, with student accounts referencing an approximate 8:30 PM cut-off after which movement within the premises is restricted
- Attendance/entry is tracked via biometric systems at hostel entry points
- Repeated violations are reported to result in institutional consequences (e.g. communication holds), escalated through the Hostel Office / Warden
- General campus-wide anti-ragging norms apply to hostel premises as they do elsewhere on campus
- CCTV monitoring is active across hostel premises and common areas

This section is compiled from aggregated, publicly posted student reviews and is provided for general orientation only. It should not be treated as an authoritative statement of BIT's actual disciplinary policy — request the official Hostel Rules document from the Hostel Office at the time of admission.

9. Hostel Registration

Hostel registration is reported to be integrated directly with the academic admission process — students opting for hostel accommodation typically complete this alongside their admission formalities rather than through a separate standalone process. Off-campus paying-guest (PG) and rental accommodation options are also available in Sathyamangalam town, a short distance from campus, for students who prefer not to stay in the institute hostel.

10. Key Contacts

Purpose	Contact
Medical Centre (Resident Medical Officers)	Dr. M.S. Soundararajan (MBBS) / Dr. V. Sandhya (MBBS)
General institute contact	+91 4295 226000 / +91 99429 21289
Admissions Office	04295 226086 / 04295 226087 / +91 89401 26000
Official Hostel & Medical page	bitsathy.ac.in/hostel-medical-facilities/

Disclaimer: This guide is compiled from BIT Sathy's official "Hostel & Medical Facilities" page plus recent, publicly posted student reviews on independent education portals, as of August 2026. Sections drawing on student reviews (mess food details, fee ranges, discipline norms) are explicitly flagged and should be treated as indicative rather than official policy. For binding rules, current fees, and the mess menu, contact the Hostel Office / Warden directly at the time of admission.
