

BIT Placements & Career Report

Training, Recruitment & Career Development at Bannari Amman Institute of Technology

Compiled from bitsathy.ac.in (Placement, New-placement, Placement Statistics pages) and cross-checked against recent third-party education trackers. Figures reflect the most recently published cycle (2024-25); the official site is refreshed each placement season, so always confirm current-year numbers with the Training & Placement Cell.

1. Headline Placement Statistics

BIT Sathy's Training and Placement Cell reports the following headline figures on its official placement pages. The site displays live animated counters for the current cycle; the numbers below are the most recently published figures (2024-25 cycle) as also corroborated by independent education-data trackers.

44 LPA Highest Package Offered	304+ Companies Visited (2024-25)	1,175+ Students Placed (2024-25)	237 / 173 Dream / Super Dream Offers
--	--	--	--

Note on figures: The live counters on bitsathy.ac.in/placement and bitsathy.ac.in/new-placement update each placement season and were not fully rendered in static form at the time of compiling this report. The numbers above are drawn from the institute's own published statistics headline ("Highest Package - 44 LPA") together with the most recently reported full-cycle figures (304 companies, 1,175 students placed, 237 Dream + 173 Super Dream offers). Treat single-year numbers as indicative and confirm the latest cycle directly with the Placement Cell before citing them formally.

2. Sector-wise Placement Distribution

The Placement Cell tracks offers across four broad categories. The most recently published distribution is as follows:

Category	Share of Offers
Core Engineering Companies	33.9%
IT Companies - Product-based	32.1%
IT Companies - Service-based	30.8%
Others (including higher studies / entrepreneurship pathways)	3.1%

This split reflects BIT's dual strength in both core/manufacturing engineering placements and IT/software placements — a distinguishing feature compared to institutes that are IT-placement-heavy alone.

3. Training & Placement Cell — Contacts

The Placement Cell team, as listed on the official site, is organised as follows:

Name	Role	Contact
Mr. Nirmal Kumar R	Industry Relation Officer	9965617722
Dr. Mathan Kumar P	Industry Relation Officer - Core	8344833839
Mr. Ranjith G	Placement Officer	9600975790
Mr. Mohan Kumar V	Placement Officer	9597391293
Mr. Vinoth M	Placement Officer	9688006622

General institute contact: +91 4295 226000 | +91 99429 21289

4. Pre-Placement Training Programmes

BIT runs a structured, multi-track training programme to prepare students for recruitment, organised into three broad streams by the Training and Placement Cell:

4.1 Technical & Programming Training

- Programming languages: C, C++, Java, Python
- Advanced Data Structures training
- Full-Stack Project Development training
- PEGA platform training
- ServiceNow platform training
- Product-fit and Service-fit training tracks (aligned to product-based vs service-based recruiters)

4.2 Emerging Technologies & Core Engineering Training

- Artificial Intelligence
- Machine Learning
- Cyber Security
- Big Data
- Thermal Engineering training
- Industrial Automation training
- Robotics training

4.3 Career & Professional Development Training

- Company-specific training (quantitative & verbal aptitude)
- Training for competitive/government exams
- Career growth training
- Communication development training
- Resume-building training
- Soft skills training
- Overseas education training (for students pursuing higher studies abroad)

Supporting infrastructure includes dedicated interview cubicles and Group Discussion (GD) halls, and training is described as personalised based on individual student capability, with additional support for competitive-exam preparants.

5. Top Recruiters

BIT Sathy's recruiter base spans IT product companies, IT service companies, and core/manufacturing engineering firms. The following companies are listed among the institute's top recruiters on the official placement page (company-logo grid, grouped here by broad category for readability):

5.1 IT & Technology (Product and Service)

Amazon, Aaseya, Aquera, Avasoft, Adya AI, CommScope, CDW, Esko, EXL, Informatica, Juspay, JMAN Group, KAAR, KreditBee, Mitsogo, Mr. Cooper, MulticoreWare, mthree, Odessa, PEGA, Presidio, Rently, Responsive, ShopUp, Sirius, Saptang Labs, SurveySparrow, Temenos, Thoughtworks, Tiger Analytics, TensorGo, TrustTrace, Turing, Verizon, Vuram, WorkHall, Xoriant, Zoho, Zuci Systems.

5.2 Core Engineering, Manufacturing & Automotive

Applied Materials, Ashok Leyland, ADP, Ather Energy, Analog Devices, Bosch, Brakes India, Britannia, Bull, CEI India, Carborundum Universal, Cadence, Caterpillar, Craftsman Automation, Data Patterns, Decathlon, Delphi-TVS, e-CON Systems, Embedur, ELGi Equipments, Falcon Toolings, Flowserve, Ford, GX India, Harita, Hatsun Agro, KONE Elevators, Kawasaki Robotics, Lakshmi Machine Works (LMW), Mistral Solutions, NatWest, NSK, Procyon, Propel Industries, Qualcomm, Rane Group, Ribbon Communications, Roots Industries, Royal Enfield, Sanmar Group, Shanthi Gears, SmartDV, Soliton Technologies, Schneider Electric, Timbertruss, Titan Company, Tata Electronics, TVS, Volvo, Visai Labs, Visteon, WEG, Yokogawa, Zifo RnD Solutions.

Note: This roster reflects companies displayed on BIT's recruiter logo-grid at the time of compiling this report and represents recent/recurring recruiters rather than a fixed guarantee for any given year; recruiter participation varies by placement season and by department.

6. Placement Cell — Value Proposition

The institute frames its placement approach around the following commitments, as stated on its official site:

- Continuous skill development across technical, aptitude, verbal and soft-skill dimensions
- Training personalised to individual student capability rather than a one-size-fits-all track
- Dedicated additional support for students preparing for competitive/government exams
- Modern on-campus infrastructure: interview cubicles and GD halls
- A professional environment maintained by a dedicated placement team focused on long-term student career success

7. Placement Record in Context

BIT Sathy is an autonomous engineering institute affiliated to Anna University, established in 1996, with a strong and consistent placement track record relative to peer autonomous engineering colleges in the Coimbatore-Erode region. Historically reported cycle-level figures (as tracked by independent education portals) include over 300 recruiting companies and 1,000+ student placements in a single cycle, with Dream (higher-than-median package) and Super Dream (top-tier package) offer categories tracked separately from standard offers. Highest packages have been reported in the Rs. 40-45 LPA range in recent cycles, consistent with the official site's current "Highest Package - 44 LPA" headline.

For department-specific placement context, see the companion document *BIT_CSE_and_AI_Department.pdf*.

Placement preparation begins as early as the pre-final year, with the Training and Placement Cell running aptitude, technical and communication tracks alongside academics so that students enter their final year interview-ready. Internship-to-PPO (Pre-Placement Offer) conversions are also an active pathway at BIT, particularly with recurring IT-product and core-engineering recruiters.

8. Engaging with the Placement Cell

Purpose	Contact Point
General placement queries / Industry relations	Mr. Nirmal Kumar R - 9965617722
Core-sector company relations	Dr. Mathan Kumar P - 8344833839
Placement operations (Officer)	Mr. Ranjith G - 9600975790 / Mr. Mohan Kumar V - 9597391293 / Mr. Vinoth M - 9688006622
Institute admissions/general enquiry	+91 4295 226000 / +91 99429 21289
Official placement page	bitsathy.ac.in/placement/ (also see bitsathy.ac.in/new-placement/)

Disclaimer: This report is compiled from publicly available content on bitsathy.ac.in and reputable third-party education-data aggregators as of August 2026. Placement statistics change every recruitment cycle. For binding or current-year figures, contact the Training & Placement Cell directly.
