Competition Team

Objective:

The Competition Team aims to support student participation in external competitions by focusing on the following:

- Event Identification and Approval: Find suitable competitions and secure necessary approvals.
- Level-Based Reward Points Allocation: Assign reward points based on event level and type.

- Internal Review and BoM Approval: Conduct internal reviews and approve the Bill of Materials (BoM) for each event.
- Continuous Follow-Up and Technical Guidance: Provide ongoing support and technical advice during competitions.
- On-Duty Approval and Exam Re-scheduling: Obtain on-duty approvals and manage exam reschedule to facilitate event participation.

This dedicated team will ensure students have the necessary resources and support to excel in competitions.

Community radio has become an essential tool for the comprehensive development of the community. People can identify, recognize themselves through community radio, besides communicating among themselves. BACR is essentially a non-profit enterprise initiated by the Bannari amman Educational Trust, Coimbatore and managed by Bannari Amman Institute of Technology, Sathyamangalam. Community Radio is characterized by the active participation of the local community in the process of broadcasting information on agricultural issues and cultural richness of the society. Radio proves to be the most effective medium as it can easily cover wide range of areas as well as diversified audience with a view to enhancing the life style of the local people. In these days of highly commercialised broadcasting, the ethos of community radio remains independent and responsible to serve the community needs. Bannari Amman Community Radio is currently going ON AIR @ 90.4 MHz for 9.00 hours from 6.00 am to 10.00 am in the morning and 5.00 pm to 10.00 pm in the evening.
